

# LOW V.O.C. SEALER

## COURT & GYM SEALER

PoloPlaz Low VOC Sealer is the only deep penetrating sealer in a VOC compliant formula that dries reliably overnight. This low viscosity formula allows the sealer to penetrate and bond to the wood while also reducing the risk of polyballs.

### Coverage:

- ▶ 500 sq. ft. per gallon

### Application:

- ▶ EZ Way, T-Bar, Lambswool
- ▶ Silky smooth for easy application
- ▶ Low ambering

### Formulation:

- ▶ Solids: 37% (Polyurethane/Oil Resin)
- ▶ V.O.C. Content: 350 g/L
- ▶ Flash Point: >104°F
- ▶ Solvent: Mineral Spirits, exempt solvents
- ▶ Shelf Life: 1 Year
- ▶ Available In: 5-gallon cans

### Tips:

- ▶ Use with Magnum Low VOC for completely “green” finish system
- ▶ Ensure floor, air, and polyurethane are all the same temperature when applying.

When VOC compliant products are a must, and waterbase is not an option, PoloPlaz Low VOC Sealer is the perfect choice. Use with PoloPlaz Game Line Paint and Magnum Low VOC for maximum adhesion.

### Use For:

- ▶ “Green” projects
- ▶ New installs, resands, screen & recoats
- ▶ Basketball courts, dance floors, aerobic rooms

**Use Fast Break Game Line  
Paints with PoloPlaz  
Low V.O.C. Sealer**
